**Intro: E, /D<sup>#</sup>, C<sup>#m</sup>, B, A (repeat)**

**E**                      **A**                      **E**                      **B**  
I will sing with the voice that he's placed in my soul

So the world will hear what he has done

**E**                      **A**                      **E**                      **B**  
We must sing if our hearts have been changed by our God

**C<sup>#m</sup>**   **B**                      **A**  
Let the whole world know that he has come

**E**                      **C<sup>#m</sup>**                      **A**                      **B**  
Come and sing with the angels to the king

**E**                      **C<sup>#m</sup>**                      **A**  
Come and bring him your song

**E/G<sup>#</sup>**                      **A**                      **E/B**                      **B-G<sup>#7</sup>**  
Come and sing with the angels to the king

**C<sup>#m</sup>** / **C**   **B** / **A<sup>#</sup>**                      **A**                      **F<sup>#m</sup>**  
Come and bring him your song

I will walk through the valley but I still hear his voice  
For the words of the Lord are in my heart  
I will rise in the morn' with the joy that is my strength  
Remembering the sound of his voice
