

# Lead Us Back

Bobby Gilles and Brooks Ritter

**D** **B<sup>m</sup>**  
Falling down upon our knees  
**G** **A** **D**  
Sharing now in common shame  
**B<sup>m</sup>**  
We have sought security  
**D** **G** **A**  
Not the cross that bears your name  
**F<sup>#m</sup>** **B<sup>m</sup>**  
Fences guard our hearts and homes  
**G** **A** **D**  
Comfort sings a siren tune  
**D** **B<sup>m</sup>**  
We're a valley of dry bones  
**G** **A** **D**  
Lead us back to life in you.

Lord we fall upon our knees  
We have shunned the weak poor  
Worshipped beauty courted kings  
And the things their gold affords  
Prayed for those we'd like to know  
Favor sings a siren tune  
We've become a talent show  
Lead us back to life in you

# Lead Us Back

Bobby Gilles and Brooks Ritter

Lord you've caused the blind to see  
We have blinded them again  
With our manmade laws and creeds  
Eager ready to condemn  
Now we plead before your throne  
Power sings a siren tune  
We've been throwing heavy stones  
Lead us back to life in you.

## Ending

We're a valley of dry bones  
Lead us back to life in you.  
We've become a talent show  
Lead us back to life in you  
We've been throwing heavy stones  
Lead us back to life in you.
